"The Only Swine Flu Survival Guide You'll Ever Need"

A welcome visit by the Leeds based scientist & truth activist Anthony Beckett

An outbreak of influenza occurred in Mexico during March and April 09. By the time it spread to the United States and Europe, the virus was found to cause only mild cases of a flu-like illness. Almost immediately, and in a mist of media frenzy the World Health Organisation (WHO) raised the pandemic level to the highest level 6: 'widespread human infection'. However, WHO began encouraging governments to report figures without testing for the disease in patients while they planned the stockpiling of anti-viral drugs and compulsory vaccinations. Vaccination programs are controversial at best and with the Swine Flu being hyped so heavily by the mainstream media the real threat to the populations may end up being from the solution to the media-hyped problem. It is apparent that the mass vaccination program will be the vaccine safety study for those vaccines. A risky approach to healthcare at best. And now media reports suggest that the virus has mutated and is becoming a more serious threat. This has all the hallmarks of a psychological operation. But an operation driven by WHO? Corporate bioterrorism? The NWO depopulation agenda? Or simply a legitimate reaction to natural pandemic cycles? The question you should be asking yourself is this: do you put blind faith in the corporations who "screw up" time and time again and profit every inch of the way? Your life & the lives of your loved ones may be at stake. Bio: Anthony Beckett was born in 1975 in West Yorkshire and lives near Skipton. He studied Chemistry at Loughborough University and graduated in 1997. Continuing his studies with a M.Sc. in Analytical Chemistry from the University of Huddersfield in 1998 he went on to work in the Pharmaceutical Industry as a Analytical Scientist until 2006. He quit the industry in that year after slowly waking up to the reality of the negative impact the pharmaceutical industry has on peoples health and society. Anthony runs the website www.truthforum.co.uk with other Leeds based activists. His personal website is www.anthonybeckett.com

"The Crown Chakra: The Thousand-Leaf Lotus"

Another mind expanding presentation by the extraordinary David Boyle

This is the seventh "Stand Alone" talk in the "Seven Steps To Heaven" series which explains the unexplained and where the paranormal becomes the normal. Join us in this comprehensive knowledge-packed journey back to the source of all. The seventh initiation. The completion of ascension; it takes place on the logoic plane and is also called the resurrection. This is the goal for which every initiate strives. It is the full and complete liberation of which the yogis speak. It is the Nirvana of the Buddhists. It is the highest stage of samadhi, which is the ultimate goal of the meditator. It is being our full and complete nomadic selves. We are henceforth no longer called forth into the lower worlds, other than by our own free choice in a desire to serve. Those who choose to do so are known as Bodhisattvas. These are they who remain to serve, out of compassion. The seventh degree initiate is fully ascended and functioning on the highest planes, in blissful unity with the one. It is through the heart, in compassion and love, that we will truly find ourselves. Pure love is the energy of the oneness; The Creator, of All That Is. We become immortal beings. This is the spiritual path of ascension, and it embraces all religions and faiths through the processes of the activation of the seven bodies and chakras which are the seals of the Bible prophecies. A not to be missed evening with a truly remarkable man. For more information go to www.allthatis.co.uk

"Self Development And Global Responsibility"

A welcome return of the ever popular Michael Hallam

Michael will be looking at the mechanics and dynamics of social change and why things don't change. Linking it to the perceived current global problems of Climate Change, Peak Oil and other natural resources and the unsustainable money system. Collectively we want more than the earth has to offer but there is still a feeling of inner impoverishment. How can we 'square the circle' and have rich fulfilling inner lives and live within the means of the planet. The key is in developing a consciousness which can discriminate between what is me and what is other in such a way that other becomes me and I become the other. Difficult? We will explore some simple and powerful tools for doing this and improving the quality of our relationships.

"Fall Of The Republic" - Big Screen Film Night

Alex Jones brand new film, the follow up to the stunning "Obama Deception", documents how an offshore corporate cartel is bankrupting the US economy by design. Leaders are now declaring that world government has arrived and that the dollar will be replaced by a new global currency. President Obama has brazenly violated Article 1 Section 9 of the US Constitution by seating himself at the head of the United Nations Security Council, thus becoming the first US president to chair the world body. A scientific dictatorship is in its final stages of completion, and laws protecting basic human rights are being abolished worldwide. An iron curtain of high-tech tyranny is now descending over the planet. Staggering information. www.prisonplanet.com

"The Beginning Of The Lie"

An informative and passionate talk by the outstanding Navid Masud

Once upon a time before the year 1066 the people of England held "Allodial" (**absolute**) title to their land. See http://en.wikipedia.org/wiki/Allodial_title Not even the king could take the land for not paying a tithe. William the Conquer came in 1066 and stole the Kings Title and took the land of the people. From William I, 1066, to King John, 1199, England was in dire straits. It was bankrupt. The current financial and legal system that we inherit today the foundations of which were laid way back in 1066 by uprooting what existed before and replacing with Sovereign Control model at behest of Catholic Church. Prior to Catholic Crusade the system that existed, the tracks of which were laid by King Offa of the Kingdom of Mercia. The Political and Economic system in Northern England matched with that of Islamic Southern Spain and Portugal. During the same period (756 AD) the people of Spain established self rule under guidance from Muslims in Damascus. The people of Portugal were part of the same transformation slowly developing with their Spanish counterparts known then as Al-Andalus meaning The West Of Paradise. The concept of Allodial Ownership of land and property has been systematically removed from history books and legal text books and without understanding this concept we cannot understand ownership. Without correct understanding of ownership we cannot have stable free market. This information has been suppressed from history.

"Not A Lot Of People Know That"

A vibrant "Birthday Lecture" by the infamous investigative reporter Dave Starbuck

Since the early 90's Dave Starbuck has been an investigative journalist, a meticulous researcher and vibrant presenter. He will be giving us a broad spectrum talk detailing many of his findings regarding the machinations of the political and financial elite that are most definitely not in the interests of normal people and will explain what is really going on in the World today with many startling revelations along the way. Remarkably if anyone had followed Dave's advice regarding investing in gold sovereigns they would have more than double their money to date, which is an astonishing return, particularly at a time when no-one is making any return on any investment. A not to be missed presentation by a very well informed and remarkable man. Dave's website can be found at www.RevelationAudioVisual.com

"The Green Agenda & Population Reduction"

A welcome return of one of the UK's foremost alternative researchers [Ian R Crane](#)

Billions of dollars are being spent to convince humanity that the presence of the Human Race on Earth is the real threat to the species. The ultimate goal is to replace Six Billion Humans with 500 Million Super-Humans; a reduction of 90% (Ref: The Georgia Guidestones - http://en.wikipedia.org/wiki/Georgia_Guidestones, "Outrageous, impossible," I hear you exclaim. If this is your reaction, you will probably not be interested in reviewing the evidence, to be presented by Ian R Crane at New Horizons, which demonstrates that the 'Enlilian Mafia' do not have our best interests at heart. However, by the time of the New Horizons event, it is distinctly possible that there will have been significant 'collateral damage' as a result of the mass vaccination programme associated with the Swine Flu scam; tens, perhaps hundreds of thousands more will be unemployed; many thousands will have had their homes re-possessed; life-savings & pensions have been (and will continue to be) decimated ...not to mention the escalation of illegal wars and the continuing genocide of the Palestinian people. All the while Al Gore (on behalf of Goldman-Sachs) would have been promoting the Green Agenda and his seriously-flawed Carbon Trading Scheme. A scheme that is designed to enhance the life-style of the ruling-elite whilst pushing (what remains of) Humanity back into the Dark Ages ... until the fortuitous release of Emails between IPCC scientists revealing the skulduggery in manipulating the figures and keeping sceptics at bay! Those who believe themselves to be the rightful rulers of this planetary fiefdom are able to operate without being constrained by the fundamental Human traits of love, compassion and humility and are determined to have absolute planetary control of a greatly reduced, compliant human population by 21st December 2012. An agenda built upon the 'Twin Drivers' of 'apathy & wilful ignorance' amongst the masses ... but something is stirring ... people are waking up; a process which is ironically being accelerated by the increasingly brazen assaults on our personal freedoms. This is a battle for your Soul. The challenge is here ... the time is now. Much more information about Ian can be found at www.iancrane.co.uk

"The Illuminati and Religion"

A stunning presentation by the enigmatic journalist [Tony Gosling](#)

Tony will examine how his personal research and knowledge of this secret society, which has probably changed its name many times to obfuscate itself, has helped immensely in understanding the deist philosophy behind much of the quasi religiousness of the likes of Bush and Blair. And that the man made pseudo religion is the biggest form of mind control ever devised and whether or not you believe in religion is immaterial as the 'Globalist Elite' certainly do to carry out Globalist Agenda. Tony is also the webmaster of an extremely informative www.bilderberg.org which John Read (Ex UK Foreign Secretary) asked him to take down as it was causing some difficulties in UK/US relations. Needless to say, it is still an extremely informative website! Stunning info.

"Crop Circles: A Mystery in the Fields"

Another mind expanding evening with the popular [Andrew Johnson](#)

Andrew gives us a very detailed look at the research of leading crop circle investigators Colin Andrews, Freddy Silva, Ed and Chris Sherwood and others, we will try to get a good overview of the crop circle phenomenon and look at the evidence which suggests that there are made by an number of different "agencies". What was the message in the "Alien Head" formation? Did one formation appear to be a response to a message sent out by the Arecibo Radio Telescope in 1974? What can we conclude about the phenomenon? What is the connection between crop circles and the events of 9/11?

"Endgame: Blueprint For Global Enslavement" - Big Screen Film Night

For the New World Order a world government is just the beginning. Once in place they can engage in their plan to exterminate 80% of the world's population, while enabling the "elite" to live forever with the aid of advanced technology. For the first time crusading film maker Alex Jones reveals all the pieces of the globalists' dark agendas and their secret plan for humanity's extermination. It is not a conspiracy theory. It is documented fact in the elite's own words. They really do want you dead. A real shocker.

"The E. U. - Hitler's Dream Come True"

A very welcome return of the infamous US Truth Seeker [Anthony J Hilder](#)

"There isn't anything that you have, there isn't anything that you ever had, or ever hoped to have, that they're not planning on taking away, they want everything that you have and they're in the process of taking it" - Anthony J Hilder. A must see high energy powerful and passionate presentation. Anthony J. Hilder has been actively researching the Illuminati world conspiracy since the 1960's and his understanding has been a valuable resource for many decades and he has been the inspiration for many truth seekers. Anthony will be giving us the benefit of his many years of research with stunning information and revelations about the deliberate plans of The New World Order global conspiracy.
